

JACOB BERNARD

FRONTEND DEVELOPER | UI DESIGNER

github.com/jacobbernard68-ux | linkedin.com/in/jacobbernard159

PROFESSIONAL SUMMARY

Frontend Developer and UI Designer with 16 years of enterprise IT experience and a passion for building responsive, user-focused web applications. Skilled in HTML, CSS, JavaScript, React, and Figma, with practical coursework in Node.js, Express, REST APIs, MySQL, and MongoDB that supports data-aware interface development. I create modern interfaces that emphasize usability, accessibility, and maintainable code while combining technical problem-solving with thoughtful design.

TECHNICAL SKILLS

React	JavaScript ES6+	HTML5	CSS3
Figma	Responsive Design	Accessibility / WCAG	Context API
Git / GitHub	Node.js / Express	MySQL / SQL	MongoDB

Frontend: HTML5, CSS3, JavaScript (ES6+), React, JSX, responsive web design, component-based architecture, Context API, state management, DOM manipulation, and Fetch API.

UI / UX: Figma, wireframing, typography, visual hierarchy, accessibility (WCAG), and information architecture.

Backend & data: Node.js, Express, REST APIs, MySQL, SQL, relational database design, CRUD operations, JOINS, aggregate queries, transactions, MongoDB document data, and authentication fundamentals.

Tools: Git, GitHub, VS Code, and Chrome DevTools.

Additional: Linux, Python, enterprise IT, technical troubleshooting, and process improvement.

PROJECTS

The Bean's Place

React

- Responsive coffee shop application featuring reusable components, Context API shopping-cart state, interactive UI, and modern React practices.

The Classic Cut

HTML · CSS · JavaScript

- Modern barbershop website demonstrating responsive layouts, DOM manipulation, event-driven interaction, semantic HTML, CSS Grid, Flexbox, and a mobile-first approach.

Personal Portfolio

React

- A responsive portfolio showcasing frontend projects, UI case studies, and technical experience through a consistent design system.

Backend & Data Systems

React · Express · MySQL · MongoDB

- A consolidated coursework case study tracing progression from a MySQL-connected student portal to hybrid-data and authenticated commerce applications.

UI Design Concept

Figma

- A complete website interface emphasizing typography, layout systems, visual hierarchy, and responsive user experience.

JACOB BERNARD | EXPERIENCE & DEVELOPMENT

EXPERIENCE

Defense Intelligence Agency

Data Systems & IT Operations Manager · May 2021–July 2026

- Supported high-availability enterprise systems, improved workflows, managed hardware lifecycle processes, and translated complex technical issues across multidisciplinary teams.

1st Information Operations Battalion

Senior IT Specialist · Oct 2018–May 2021

- Supported Linux-based operational systems, created Python automation, coordinated maintenance, and maintained platform reliability.

21st Theater Sustainment Command

IT Specialist, Web Platforms · Aug 2015–Oct 2018

- Developed internal web platforms, improved navigation and information architecture, and created interface improvements adopted at higher organizational levels.

51st Expeditionary Signal Battalion

Information Technology Specialist · Mar 2013–Aug 2015

- Developed internal websites, strengthened organizational communication, and supported enterprise IT infrastructure.

716th Military Police Battalion

IT Support Technician · Mar 2011–Mar 2013

- Provided end-user support, maintained hardware and software, and resolved technical issues.

TECHNICAL TRAINING

HTML & CSS: Semantic HTML, responsive design, Flexbox, CSS Grid, accessibility, forms, and animations.

JavaScript: ES6+, DOM manipulation, event handling, Fetch API, asynchronous programming, objects, and arrays.

React: Components, JSX, props, state, hooks, Context API, routing, and component composition.

Backend & data systems: Node.js and Express REST APIs connected to MySQL and MongoDB, including relational schema design, CRUD operations, JOINS, aggregation, transactions, document data, and authentication concepts.

CORE STRENGTHS

How I work

Frontend development, UI design, problem solving, technical communication, cross-functional collaboration, continuous learning, and attention to detail. My approach brings structure to complexity and keeps the user's path clear.

PROFESSIONAL BADGES

 HTML and CSS Web Designer	 JavaScript Professional Developer
 ReactJS Framework Developer	 MySQL Backend Developer
